Dear Prof. Varner,

Manuscript Title: Validated Synthetic Patient Generation for Small Longitudinal Cohorts:
Coagulation Dynamics Across Pregnancy
Manuscript ID: 47fd8ad0-aff2-4c70-b4d0-dda1c90c5458 v2.1

Technical Check of your submission has now taken place. As a result, we need you to address the following points before your manuscript can progress any further:

1. Please ensure that you provide the clean version of the manuscript file under the "MANUSCRIPT FILE" section and the marked-up version of the manuscript file under the "RELATED FILES" section.
2. We noted that table and supplementary figures and tables citations are appearing as ?? in the main article file. Please rectify this error.
3. Please keep the labels and citations consistent for Supplementary information items. Either Figure S1, S2, Table S1 or Supplementary Figure 1, Supplementary Table 1. Do not use both. Please label and cite the supplemental items using only the following format: Supplementary Figure 1, Supplementary Table 1 or Figure S1, Table S1 etc. Change labels like eTable, Table A1 etc.

Your paper has been placed back in the menu of the submitting author. We hope to receive your revised manuscript within 2 days from the receipt of this email. To access it, please use the following link, making sure you log in with the same email address you registered with:
<https://submission.springernature.com/submission/9e6e412d-7399-4f97-bae9-171b9aabb9a5>

(Press/Click on the above link to be automatically sent to the web page.)

Please make the requested amendments carefully, before selecting the Submit manuscript button on the Review page. Do not change anything else in your manuscript.

Meanwhile, if you have any questions, please feel free to contact me.

Best regards,
Tanvi Shinde
