Dear Prof. Varner,

Manuscript Title: Validated Synthetic Patient Generation for Small Longitudinal Cohorts:
Coagulation Dynamics Across Pregnancy

Manuscript ID: 47fd8ad0-aff2-4c70-b4d0-dda1c90c5458 v2.0

Technical Check of your submission has now taken place. As a result, we need you to address the following points before your manuscript can progress any further:

1. 1. Authors must disclose and specify any competing interest, using the following statement as applicable.

a. No Competing Interests: If there are no financial or non-financial competing interests, please add the statement : "The authors declare no competing financial or non-financial interests."

b. Pending Patents: For any pending patents, provide full details including patent applicant (author or institution), inventor(s), application number, current status, and the specific aspect of the manuscript covered, a full disclosure is mandatory.

c. Financial and Non-Financial Interest: If any author has other financial or non-financial interests relevant to the work, these should be explicitly described. If there is any competing interest, the authors will have to compulsorily declare for the rest of the authors "The other authors do not have a competing interest". Further guidance is available here:

<https://www.nature.com/nature-portfolio/editorial-policies/competing-interests>

d. Journal Association: If any author is an Editor-in-Chief, Associate Editor, or Guest Editor of the journal or collection, this must be explicitly stated. Example:

"Author XX is [EIC/Associate Editor/Guest Editor] of [Journal/Collection Name]. XX was not involved in the journal's review of, or decisions related to, this manuscript."

e. Submission Requirement: The competing interests statement must be included both in the manuscript and in the submission system for full transparency.

2. Please supply an Acknowledgements section before the References. Acknowledgements section should be brief and should not include thanks to Editors or referees, effusive comments, or dedications.

Please note that a separate 'Funding' or 'Financial disclosures' section is not permitted. Please include all funding information, including the role of the funder(s) in the 'Acknowledgements' section.

If you have no acknowledgments/funding to declare, please state 'No funding was received for this research' under the Acknowledgements heading. It is mandatory to state if you have received any or no funding for the research in the Acknowledgments section. Please ensure to update the statement on the SNAPP submission system as well.

3. Please note that we require both clean (without any highlights/tracked changes/colored font) and marked-up versions (in response to reviewers comments) of the manuscript at this stage. Please ensure that you provide the clean version of the manuscript file under the "MANUSCRIPT FILE" section and the marked-up version of the manuscript file under the "RFI ATFD FII FS" section

RELATED FILES SECTION

4. Please upload your main Figures as individual files under the FIGURES section on the SNAPP submission system. All associated panels of a Figure should be included in one file (for eg: Figures 1a-d should be included in Figure 1 file). Your submission should include XX Figure files. Please add the legends in the main manuscript file after references. Figure titles and captions must be removed from the image file. Please remove the figure label (e.g. Figure 1) from the image. Acceptable formats for main Figure files are: PSD, AI, EPC, TIFF, JPG, PDF, PS, GIF, PPT, PPTX, PNG, BMP, VSD, CDX, SVG, EMF.
5. Please remove any comments for the Editor from the Rebuttal Letter to the Reviewers. You may address the Editor in your Author Cover Letter, but please ensure the Rebuttal Letter addresses Reviewers only.
6. Please note that section numbers will not be retained in the typeset manuscript. Section numbers must be removed from the headings, and reference to section numbers in the main text must be changed to the heading title.
7. We do not permit a Conclusions section. Please rename it to 'Discussion' or incorporate the text into the 'Discussion' section, as applicable.
8. Please ensure that all informed consent and ethics approval information, including ethics approval waivers, are included in the Methods section. A separate 'Ethics approval' or 'Consent' section in the manuscript or inclusion within the declarations is not permitted. The approving ethics committee(s) full name(s) should be provided and the application reference numbers, where available, in this statement.
9. Please provide the link to GitHub repository in the data and code availability statement. please note that if your manuscript is accepted at this stage, it will be directly sent to the production team, and you will not be able to make the changes. This will lead to a significant delay during the production process.
10. Please remove the supplementary section from the main article file.
11. Please note that the journal does not permit Supplementary Methods, all Methods should be reported in the main manuscript file.
12. Research involving human research participants, material, or data must have been performed in accordance with the Declaration of Helsinki. Please list the full names and reference approval numbers of each of the approving ethics committee(s)/institutional review board(s) in the Methods. For multi-centre studies, each approving local ethics committee/institutional review board should be individually named. For all research involving human participants, informed consent to participate in the study should be obtained from participants (or their parent or legal guardian in the case of children under the age of 16) and a statement to this effect should appear in the manuscript. If the need for informed consent was waived by the ethics committee please state this and the reason clearly.
